

Summer Shoots 2018

Members to be emailed by the organiser the weekend before with full details.

Shoots are fun and provide plenty of real photographic challenge as well as a chance to try new things – see how other members tackle the same challenge and learn from them (how to or perhaps how not to do it). Compare and share best pictures with the wider community using the Facebook Photoshoot Group – it's fun and can attract interest in the club. If you've not joined the group yet just go on the group and ask to join.

All these shoots include the golden hour, sunset and the blue hour (GSB), so there's plenty of interesting light situations and exposures. Torches and/or flash should be brought if possible as well as tripod or bean bag for longer exposures. Bad weather, puddles, moody skies etc, can sometimes make the best images, so we'll only be cancelling a shoot if it's really bad weather. The programme may be subject to change but we will advise you by email of any changes.

Wed 25 th April	Kendal Re-visited (GSB) - Gavin
Wed 9 th May	Rydal Hall Gardens, Waterfalls and Sculptures (GSB) - Jeff
Wed 23 rd May	Millerground (GSB) – Lake, Jetties, Woods and more - Gavin
